

Speeding Issues in Church Lane/Common Lane--A resident had drawn to the Council's attention the dangers posed by the speeding of certain individuals in Church Lane/Common Lane, particularly in view of the number of children and animals living there. It was agreed that Suffolk County Council should be asked to look at the possibility of introducing calming measures along the lane.

**Troston Village Hall**--Thinking of throwing a party, and don't have enough room at home? Then consider relocating to the Village Hall. In addition to the main hall, there is another smaller room, a fully-fitted kitchen, toilets, newly-resurfaced walled garden to the rear, and a front car park. The hall is fully wheelchair-accessible. Rates are £10.00 for 2 hours, plus £2.50 for each additional hour (for residents); £25.00 for 2 hours plus £7.50 for each additional hour (for non-residents). You can also hire various pieces of equipment, such as tables and chairs, at very reasonable rates. Telephone Geoffrey Potter on 01359 269468 to make a booking. To check availability of dates, visit the Troston Website, on [www.troston-village.co.uk/troston-village-hall](http://www.troston-village.co.uk/troston-village-hall).

**Bottle Bank**--Please use the glass recycling facility situated next to The Bull public house. It is a mixed glass bank, so you don't even have to sort your empties by colour, and each time it is emptied, money is returned to the village, to use for the benefit of all residents.

Thank you for supporting your village in this way.

**Gravestone Identification**—Can anyone help? More and more people want to trace their ancestors and the number of visitors coming to our church to find out more about loved ones and family has increased radically. However, we are not always able to identify precise grave locations, although there is a comprehensive plan of the church and grounds that was produced prior to the uplifting of the headstones in the 1980s. I am in the process of updating our files and hope to produce a clear indication of all headstones and their current locations.

I am particularly keen to help a lovely family of three ladies from Cheshire who arrived one evening wanting to follow up details of their little sister, Jill Sothern. It was the anniversary of their sister's death, and they were desperate to trace her grave, having travelled down especially. All they knew was that she was buried in Troston churchyard. Only two years old, she tragically had been run over and killed by an ice cream van outside the Honington Camp shop in 1962. Their father was posted at Honington Camp.

Can anyone, please, shed light on the possible location of the little girl's final resting place? I recognise that it is many years ago, but there may be someone who can recall the occasion. I have tried to find an answer and have searched all the available documentation but without success. There are two possible locations, but at the time, there were two other juvenile deaths. The sisters are desperate to establish little Jill's final resting place, and it would put them at ease if we could come up with an answer.
